

ISSUE	FEATURES	DEADLINES
May/June 2016	<p>CHARTER PILOTS: WHAT DOES IT TAKE? Charter pilots will plan and execute a flight to professional standards with minimal notice, then cope with in-flight diversions and changing customer demands with ease. This feature will examine what it takes to be a good charter pilot.</p> <p>PILOT MAINTENANCE A pilot is authorised to carry out certain maintenance on an aeroplane, including some that even an engineer is not allowed to perform! We outline the rules and regs, plus a guide on how to learn to do it properly.</p>	<p>Booking 7 Mar 2016 Material 14 Mar 2016 Publish 19 Apr 2016</p>
Jul/Aug 2016	<p>CPL TRAINING Commercial training focussing on the old way of doing it, i.e. no academy route. There are a lot of academy students coming through and not enough jobs. Many of them can't fly a C172 into a grass paddock because they've never been taught, whereas students going the old route have.</p> <p>FLYING INSTRUCTORS Instructing as a career, not just a path to the airlines. Explanation of the rating (under the new Part 61), grading system and what it takes to be a Chief Flying Instructor.</p>	<p>Booking 6 May 2016 Material 13 May 2016 Publish 17 June 2016</p>
Sept/Oct 2016	<p>GLIDERS An overview of the industry, activities, costs and operations. A guide for every powered pilot who needs to understand who they share the sky with.</p> <p>AGRICULTURAL AVIATION This careers feature focuses on aerial ag including the leaps and bounds made in efficiency, technology and safety. Guide to companies that offer the aerial ag endorsement (there aren't a lot out there).</p>	<p>Booking 5 July 2016 Material 12 July 2016 Publish 15 Aug 2016</p>
Nov/Dec 2016	<p>HELICOPTERS Perhaps more so than fixed-wing operators, the helicopter industry is struggling with the new night flying regulations. What do they mean for helicopter pilots and operators, and why did they come about?</p> <p>TERTIARY TRAINING OPTIONS A guide to the flying academies and an explanation of the qualifications on offer.</p>	<p>Booking 8 Sep 2016 Material 15 Sep 2016 Publish 18 Oct 2016</p>
Jan/Feb 2017	<p>FLIGHT BAGS Despite iPads in cockpits, there are still a lot of papers and accoutrements needed in GA cockpit and pilots need a way to organise it all. A guide to the best flight bags on the market.</p> <p>SECOND-HAND AIRCRAFT What are the best value models and what steps do buyers have to take to ensure they're not buying a dud.</p>	<p>Booking 7 Nov 2016 Material 14 Nov 2016 Publish 15 Dec 2016</p>
Mar/Apr 2017	<p>AVALON 2017 A preview of what people can expect to see and experience at the Australian International Airshow.</p> <p>PROPELLERS Explores the mechanics behind aeroplane props. Are two blades better than three? How does the pitch affect the performance? How are they overhauled? Carbon-fibre vs traditional aluminium.</p>	<p>Booking 11 Jan 2017 Material 18 Jan 2017 Publish 17 Feb 2017</p>
May/June 2017	<p>AVALON WRAP-UP Looking back at all the colour, noise, excitement and interesting developments from the Australian International Airshow.</p> <p>RECREATIONAL AVIATION What is the state-of-play with recreational aviation? How has it grown over the years, what is its future and how does it fit into the regulatory philosophy.</p>	<p>Booking 6 Mar 2017 Material 13 Mar 2017 Publish 18 Apr 2017</p>
Jul/Aug 2017	<p>MASTERING IFR What does it take to be a good IFR pilot? Do glass cockpits help? How does your flying have to change once you fly on instruments.</p> <p>COMPOSITE AIRCRAFT The myths vs the realities. The advantages and disadvantages of composite airframes over traditional aluminium and wood/fabric.</p>	<p>Booking 5 May 2017 Material 12 May 2017 Publish 16 June 2017</p>
Sept/Oct 2017	<p>PARACHUTE PILOTS What does a private pilot have to go through to be a sought-after jump pilot? The training, the science and the fun of flying skydivers.</p> <p>THEORY OPTIONS Explores both on-line and paper options for aviation theory. What's out there and what is the best for you?</p>	<p>Booking 4 July 2017 Material 11 July 2017 Publish 14 Aug 2017</p>
Nov/Dec 2017	<p>AIR SHOWS The mechanics, the planning and the blood, sweat and tears behind running a successful air show in Australia.</p> <p>IPAD APPS A guide to flight planners, aviation calculators, tracking sites and the things that are just the most fun.</p>	<p>Booking 7 Sep 2017 Material 14 Sep 2017 Publish 17 Oct 2017</p>
